Dear Mr. Marriott:

**Subject: City of Whitehorse Cost Claim Respecting YECL Compliance Filing to Board Order 2009-2**

The Yukon Utilities Board acknowledges receipt of the above-mentioned cost claim dated June 22, 2009. The Board notes that comments were sought from interested parties and that, based on the comments received, the Board determined that no hearing needed to be held. Accordingly, the Board has asked me to inform you of its decision that interveners and the applicant are not entitled to costs because no proceeding or hearing was necessary to make the determination on the filing.

Yours truly,  
Shay Smart  
Executive Secretary
