Interested Parties

Dear Sirs:

## **REVIEW AND VARIANCE APPLICATION FROM YUKON ELECTRICAL COMPANY LIMITED (YECL) OF BOARD ORDER 2009-06 AND APPENDIX A-REASONS FOR DECISION**

The Yukon Utilities Board (Board) received a Review and Variance Application dated June 19, 2009 from YECL to review the cost award to YECL in Board order 2009-06. In response to a review request, the Board has adopted a two step process: first, the Board determines at the initial screening phase whether the decision in question or a part of it should be reviewed, and second, if the Board grants the review, a hearing on the merits is held.

Prior to making a decision on the initial screening phase, the Board affords an opportunity to interested parties to the proceedings to provide comments or submissions. The Board then provides an opportunity to the applicant for review to reply to any comments received by the Board. Therefore, if an intervener in the hearing which resulted in the above-mentioned cost decision has comments on the review request, please submit them to the Board by **Thursday, July 16, 2009**. If YECL wants to submit a reply to the comments received from the interveners, it is requested to do so by **Thursday, July 30 2009**.

Yours truly,
