BOARD ORDER 2010-6

WHEREAS:

- A. On February 19, 2010, Yukon Electrical Company Limited (YECL) and Yukon Energy Corporation (YEC) (Companies) filed with the Yukon Utilities Board (“the Board”), pursuant to the *Public Utilities Act* (Act), and *Order-In-Council 1995/90*, an Application requesting an Order approving adjustments to rates to be effective September 1, 2010 and to collect an approved 2009 Consolidated Firm Rate Revenue Requirement of \$50.833 million.
- B. YECL, separately, is seeking approval of a proposed Diesel Generation Energy Cost Recovery Rider (Rider D) to flow through the actual cost of purchase power for the hydro zone during the period when diesel generation is on the margin that has not been forecasted.
- C. The Application provides electronic models of the cost of service model and the regression used by YECL for its Cost of Service. However, the electronic rate design models were not included in the Application.
- D. The Application also proposes updates to the Terms and Conditions of Service (previously known as Electric Service Regulations) including a review of investment levels.
- E. The Board has reviewed the Application and determined that a hearing process be established.

NOW THEREFORE the Board orders as follows:

- 1. That YEC and YECL shall provide electronic copies of their rate design models by May 12, 2010.

2. Parties intending to participate in the review process are to register in writing with the Board Secretary no later than May 17, 2010, indicating the nature of their interest, a list of issues those parties wish to address, and any comments regarding the following process schedule.

YUKON UTILITIES BOARD NOTICE OF APPLICATION AND HEARING

Hearing
Time: 9:00 a.m.
Date: September 14, 2010 (tentative)
Location: TBD

Summary of Application

The Yukon Electrical Company Limited (YECL) and Yukon Energy Corporation (YEC) (jointly, the Companies) have filed an application with the Yukon Utilities Board (Board) for approval of adjustments to rates and changes to Terms and Conditions of Service (previously known as "Electric Service Regulations) to be effective September 1, 2010.

The Companies are seeking approval to collect a previously allowed 2009 Consolidated Firm Rate Revenue Requirement of \$50.833 million, to eliminate Rate Riders J and R and to adjust retail base rates to fully reflect approved 2009 costs.

YECL is separately seeking approval of Rider D, a proposed Diesel Generation Energy Cost Recovery Rider to flow through the actual cost of purchase power for the hydro zone during the period when diesel generation that has not been forecasted is on the margin.
