M. Hannam)
B. King)

BOARD ORDER 2016-02 — ERRATA

- A. The Yukon Utilities Board (Board) issued Board Order 2016-02 on June 24, 2016 approving an interim rate adjustment rider, Rider R, in the amount of 9.41 percent for all electrical consumption on or after July 1, 2016. In the Reasons For Decision, Appendix A, attached to Board Order 2016-01, the Board, in its findings, stated “[t]he Board considers that granting half of the applied-for revenue requirement increase for 2016 results in interim rates that are just and reasonable to both the utility and consumers.” However, the Board approved an interim refundable rate of 9.41 percent.
- B. In Board Order 2016-02, the Board incorrectly calculated the percentage increase of the interim rate adjustments rider as 9.41 percent. The corrected calculation results in an interim rate adjustment rider of 11.62 percent.

NOW THEREFORE, the Board orders as follows:

The Board corrects the interim rate adjustment rate rider to be 11.62 percent in Board Order 2016-02, by striking out “9.41” and inserting “11.62” on page 2 of the order and on page 2 of the Reasons for Decision, and deleting footnote 2.

DATED at the City of Whitehorse, Yukon, this 1st day of July 2016.

BY ORDER

Robert Laking
Chair
