Dear Mr. Mollard:

**Re YELC 2013 GRA – 2012 DCF and ERA impacts**

The Yukon Utilities Board (Board) is in receipt of Yukon Energy Corporation's (YEC) letter of October 18, 2013 in which YEC is seeking clarification with respect to the process to deal with the Diesel Contingency Fund (DCF) and related amendments to the Energy Reconciliation Adjustment (ERA).

The Board confirms that matters related to the DCF and ERA are being considered through a separate process from the YECL 2013 GRA proceeding. Therefore, DCF- and ERA-related matters will be considered out of scope of the current YECL 2013 GRA process.

Sincerely,

Bruce McLennan  
Chair
