Yukon Utilities Board  
Box 31728  
Whitehorse, Yukon  
Y1A 6L3

Attention: Deana Lemke, Board Secretary

**Review of YEC Application for an Energy Project Certificate and an Energy Operation Certificate - Proposed Carmacks-Stewart Transmission Project - Cost Claim for the Utilities Consumers' Group**

Dear Deana:

As per Board Rules of Practice, please find attached the cost claim application from the Utilities Consumers' Group (UCG) related to the Board's review of Yukon Energ's above application.

To the best of my knowledge and belief, these claims set out by the UCG and all the following documentation in support represent costs and disbursements incurred necessarily and reasonably to provide intervention for residential and small business consumers in the above proceeding.

UCG further submits we have met all the tests required by the Board for requesting recovery of costs: representing consumers with a Yukon perspective, participating responsibly in all aspects of the process, making effective cross-examination at the oral hearing, made constructive oral argument, aided the Board as best we could on issues concerning ratepayers and coordinated with Mr. Percival so as to not overlap on issues of concern.

UCG will also file signed document, as well as a spreadsheet summarizing the above cost application as is requested by the Board. Claim for Mr. Buonaguro is sent separately as it cannot be accessed on this program.

Please make award costs payable to:  
Utilities Consumers' Group  
242 Squanga Ave.  
Whitehorse, Yukon  
Y1A 3Y6

Should you have any questions on this cost application, please contact me.

Yours truly,

*Signed Original Hand*

*Delivered*  
Roger Rondeau  
President, Utilities Consumers' Group  
C.c. All parties
