Re: Information Requests (IRs) to YEC Concerning the Power Purchase Agreement (PPA) between YEC and Minto Exploration Ltd.

The following is a continuation of my second round of IRs to YEC regarding the above referenced PPA that relates to the Direct Agreement - MacQuarrie Bank Financing (MBF):

- 2-3 Was the MBF subject to one or both of the YEC Due Diligence activities on Minto? If so, please provide copies of one or both of these two reports along with any analysis and all internal and external communications relating to them plus the contracts to have these activities undertaken. If the MBF was not subject to one or both of the Due Diligence activities please explain why not.
