Attn: Ms. Sheena Smart, Executive Secretary

Dear Ms. Smart:

**Re: Yukon Energy Corporation (YEC) Application for an Energy Project Certificate
and an Energy Operation Certificate for Mayo B**

Further to Yukon Utilities Board (YUB) Order 2010-1 on this matter, I wish to apply for Intervenor status in the YEC Application for Energy Project and Energy Operations Certificates.

The issues I wish to pursue, in addition to the ones identified in Board Order 2010-1 include:

1. The need for the project;
2. The economics of the project;
3. The alternatives to the project;
4. Consistency of Yukon Energy's course of actions in the circumstances with respect to Yukon Energy's 20 year Resource Plan; and
5. Such other matters as may surface during the course of detailed study of the Application and the YUB proceedings related to it including IRs.

Please be informed that while I wish to participate fully in the proceedings, I shall be out of the territory for most of March and April, and already have significant commitments for the month of May. Since a schedule has yet to be set for the hearing and related activities, I cannot at this time confirm that I can participate as fully as desired. Please be assured that I will participate as fully in the process as my schedule will allow.

Regards,

John F. Maissan, P.Eng.
