

YEC/YECL  
2009 Phase II GRA

COMMISSION INFORMATION REQUEST (YUB) ROUND 1 TO  
Leading Edge Projects Inc. (LE)

**YUB-LE-1**

**Reference:** LE Evidence, page 1.

**Issue/Sub-Issue:** Rate Design

**Quote:** Leading Edge Projects Inc. (Leading Edge) favors the objectives of the rate design Option A put forward by Yukon Energy Corporation (Yukon Energy) and The Yukon Electrical Company Ltd. (YECL) (together the Companies or the Utilities).

**Request:**

- (a) Would the position of LE change if the Board determines there is a need for changes to the Cost of Service Study (COSS)?
- (b) Does LE accept the COSS as filed by YEC/YECL?

**YUB-LE-2**

**Reference:** LE Evidence, page 1.

**Issue/Sub-Issue:** Rate Design Criteria

**Quote:** However, it is our view that with the use of some adjustment to the proposed rates the same objectives would be better achieved.

**Request:**

- (a) Compare and contrast the LE rate design criteria with the criteria proposed by YEC/YECL.

**YUB-LE-3**

**Reference:** LE Evidence, page 1.

**Issue/Sub-Issue:** Rate Design Criteria

**Request:**

- (a) Has LE relied on any studies with respect to the elasticity of demand for electricity? That is, for a given % increase in the energy price (cents/kW.h) there is a given % decrease in the volume (kW.h) of electrical energy consumed?
- (b) For each of the Residential-Non Government rate classes, how were the pricing points for each energy block determined?
