

P. W. PERCIVAL's

Cost of Service and Rate Design 2009 / 2010 Phase 11 GRA

INTERROGATORIES

To

Yukon Energy Corporation & The Yukon Electrical Company Limited

PWP – YEC #1:

Please provide, in table format, **total annual sales in kW hours** (show plant service separately) plus an accompanying detailed breakdown of all the **actual annual historic** (non distributed / non allocated) **direct and indirect** (i.e. fuel, labour, materials, supplies, accounting, billing, overhead, depreciation, profit, etc) **costs**, with annual totals, to service the large diesel community of Dawson / Rock Creek for each of the five years proceeding the interconnection to the Mayo / Dawson hydro grid.

YEC, please provide the answer to the above question directly. Please do not refer to answers provide to other parties or to sections of the Phase 11 submission.

PWP – YECL #1:

Please provide, in table format, **total annual sales in kW hours** (show plant service separately) plus an accompanying detailed breakdown of all the **actual annual historic** (non distributed / non allocated) **direct and indirect** (i.e. fuel, labour, materials, supplies, accounting, billing, overhead, depreciation, profit, etc) **costs**, with annual totals, to service the large diesel community of Watson Lake / Upper Liard / Lower Post for each of the last ten years.

PWP – YECL #2:

Please provide, in table format, **total annual sales in kW hours** (show plant service separately) plus an accompanying detailed breakdown of all the **actual annual historic** (non distributed / non allocated) **direct and indirect** (i.e. fuel, labour, materials, supplies, accounting, billing, overhead, depreciation, profit, etc) **costs**, with annual totals, to service each of the individual small diesel

communities (Old Crow, Stewart Crossing, Pelly Crossing, Beaver Creek, Destruction Bay / Burwash, Swift River and Good Hope Lake) serviced by YECL in both the Yukon and BC for each of the last ten years.

PWP – YECL #3:

As the supply of electricity to the community of Good Hope Lake in BC is through a commercial contract with the Dease River Band Council it is requested that YECL formally seek the Band's approval for the release of this information as soon as possible and that a copy of the letter requesting the release of this information and any response(s) be provided to all parties.

YECL please provide the answers to the first two questions directly. Please do not refer to answers provide to other parties or to sections of the Phase 11 submission.
