**Re: Quarterly Adjustment to Secondary Sales Rates as of July 1, 2015**

Pursuant to Rate Schedule 32 Secondary Energy (as approved in Board Order 2005-12), the following sets out the quarterly adjustment to the Secondary Energy rate effective for consumption on or after July 1, 2015.

***July 1, 2015 Rate Determination***

As outlined in Rate Schedule 32, the Secondary Energy rate for July 1, 2015 is based on the published Yukon Territorial Government – Bureau of Statistics biweekly price for Furnace Oil in Whitehorse for the three reporting periods prior to the 20<sup>th</sup> day of May 2015. The lowest value of the three (net of GST) is the “Oil Price Index”. The three reported values (including GST) are as follows:

April 15, 2015 = \$ 1.053 /litre  
April 29, 2015 = \$ 1.053 /litre  
May 13, 2015 = \$ 1.053 /litre

Consequently the Oil Price Index for the July 1, 2015 rate is 100.29 cents/litre (the May 13, 2015 value of 105.30 cents/litre less the GST included in that value). An Oil Price Index of 100.29 cents/litre equals a Secondary Energy price of 7.0 cents/kW.h (compared to the April 1, 2015 revised price of 7.1 cents/kW.h) and results in a Rate Schedule 43 Wholesale Secondary energy price of 5.9 cents/kW.h (compared to the April 1, 2015 revised price of 6.0 cents/kW.h).

***Notification of Interested Parties***

Rate Schedule 32 provides that the Secondary Energy Charge is to be filed with the Board at least 30 days in advance of the Rate Period. As with past notifications regarding the rate change, Yukon Energy is providing notice to ATCO Electric Yukon (AEY) at the same time as this notice is sent to the Board. The updated Rate Schedule 32 rate sheet will also be posted on Yukon Energy's website. Secondary Retail customers will be notified by a billing advisory message on their monthly bill when their retail account is actively in service.

***Current Status of Secondary Sales***

Secondary Sales were made available effective June 19, 2014 and were terminated for non-SCADA connected customers effective November 12, 2014 due to insufficient surplus hydro.

Sincerely,

*for* / Ed Mollard  
Chief Financial Officer
