## Summary of Application

The Yukon Energy Corporation (YEC) has filed an application with the Yukon Utilities Board (Board) to review its 20-Year Resource Plan: 2006-2025 (Resource Plan). The Resource Plan addresses major electrical and transmission requirements in Yukon during the 2006 to 2025 period. The Resource Plan also provides background information on Yukon's electrical system as well as an overview of the forecast short-term and long-term electrical requirements.

On June 5, 2006, the Minister of Justice of the Government of Yukon requested that the Board review and hold a hearing on the Resource Plan. The Board is to forward its report on its findings to the Commissioner in Executive Council, and make it public, by October 31, 2006. Specifically, the Minister of Justice requested the Board review the proposals in the Resource Plan with emphasis on:

- i) those projects related to the Resource Plan which require commitments by YEC before the year 2009 for major investments with anticipated costs of \$3 million or more for feasibility assessment and engineering, environmental licensing, or construction; and
- ii) planning activities related to the Resource Plan which YEC may be required to carry out in order to commence construction on other projects before the year 2016 to meet the needs of potential major industrial customers or other major potential developments in Yukon.

Further specifics regarding the scope of the review requested are stated in the June 5, 2006 letter, which forms part of the application materials

## Public Workshop

YEC will hold a Public Workshop commencing at 9:00 a.m. on Tuesday July 25, 2006 at the High Country Inn, 4051 Fourth Avenue, Whitehorse, Yukon. At the workshop a summary of YEC's Resource Plan and associated supporting documents will be presented.

Following the workshop by YEC, Board staff will lead a workshop to explain the regulatory process, respond to questions on procedural matters and hear submissions on issues to be considered at the Pre-hearing Conference.

## Pre-hearing Conference

To facilitate the oral public hearing process, the Board will hold a Pre-hearing Conference into the Application. This is tentatively scheduled to commence at 9:00 a.m. on Friday August 4, 2006 at the High Country Inn, 4051 Fourth Avenue, Whitehorse, Yukon.

The Acting Board Chair for review of the Application is Wendy Shanks.

The Pre-hearing Conference will address procedural matters which will include, but not be limited to, the following:

- Identification of Intervenors
- Identification of the principle issues
- Regulatory process, including the orderly exchange of information requests and responses
- Scheduling and location(s) of proceedings
- Other matters that will enable the proceedings to efficiently cover and review all aspects of the Application

## Hearing

An oral public hearing is tentatively scheduled to commence at 9:00 a.m. local time on Monday October 2, 2006 at the High Country Inn, 4051 Fourth Avenue, Whitehorse, Yukon

## Schedule of Proceeding

The Board has established the following schedule for this proceeding based on the deadline established by the Government of Yukon for the Board to issue its report on Yukon Energy Corporation's Resource Plan

To assist in the understanding of the application, Board staff may ask preliminary Information Requests of YEC prior to the Public Workshop. Responses from YEC would have to be submitted prior to the Public Workshop.
