**Re: Utilities Consumers' Group (UCG) Request for Change in the
GRA Hearing Dates as per Board Orders 2012-03 and 2012-04**

Dear Mr. McLennan:

Shortly after receiving Board Order 2012-03, the UCG notified the Board and all parties by email that our organization would have difficulty in attending the hearing dates chosen. We requested a change to either a week later in September or into October as was the request from Yukon Energy in their application.

UCG was told that this request would have to be made formally, so here is our formal request to change the scheduled hearing dates of September 17-19 inclusive.

The reason why we request this change of date is that our legal representative has a prior arrangement from September 9 into September 20. Our local representative is also unavailable for the week of the scheduled hearing dates.

Should you have any questions, please do not hesitate to contact me.

Yours truly,

Roger Rondeau
