Attention: Mr. Bruce McLennan, Chair

**Re: Yukon Energy Corporation – 2012 / 2013 General Rates Application
Board Order 2012-08 and Procedural Schedule**

Dear Mr. McLennan:

The Utilities Consumers' Group is in receipt of Board Order 2012-08 issued August 22, 2012.

For its September 13, 2012 IR response filing, YEC has been directed by the Board to comply with its direction from Board Order 2012-07 to properly cross-reference responses to information requests by identifying the cross-referenced IR and including a copy of the response to the cross-referenced IR.

UCG would like to confirm with the Board that when it submits its IR responses on September 13, 2012, YEC will be expected to provide a consolidation of all responses to IRs submitted in this proceeding. To control the size of this consolidated file as much as possible, UCG submits that the Board may want to consider allowing YEC to insert hyperlink connections to referenced / connected IR responses within this consolidated file.

In order to more easily accommodate management and use of the electronic information being compiled, UCG would appreciate it if the Board could direct YEC to also provide consolidated IR response files for each party that submitted IRs (i.e., one file for responses to all of UCG's IRs, one file for responses to all of the Board's IRs, etc.).

In its Reasons for Decision to Board Order 2012-08, the Board has determined that questions directed at the rate class level for costs are outside the scope of the current application and are more appropriately addressed in a Phase II proceeding. UCG would appreciate clarification from the Board on whether the Board expects a Phase II application to be filed with respect to the recovery of YEC's revenue requirements for the years 2012 and 2013.

Please contact me if you have any questions regarding the above.

Yours truly,

Roger Rondeau
