Attn: Ms. Deana Lemke, Executive Secretary

Dear Ms. Lemke:

**Re: Yukon Energy Corporation (Yukon Energy) Application for Approval of Rate Schedule 39 Demand and Energy Charges Escalation per OIC 2007-94**

Further to the recent Yukon Energy Application for approval of the escalation of demand and energy charges to Rate Schedule 39, I wish to apply for Intervenor status in this proceeding.

I plan to submit IRs to Yukon Energy and the issues I wish to pursue will include:

1. Interpretation of OIC 2007-94;
2. Impact of OIC 2007-94 on non-industrial customer classes as any future Major Industrial Customer connects to the grid;
3. Incremental diesel generation costs incurred to serve Alexco load and load from new major industrial customers;
4. Yukon Energy's plans for industrial rates following the expiry of OIC 2007-94;
5. Allocation of costs from any new generation facilities built to serve load for new industrial customers; and
6. Such other matters as may surface during the course of detailed study of the Application and the YUB proceedings related to it, including IRs.

Regards,

John F. Maissan, P.Eng.
