Attn: Mr. Bruce McLennan
YUB Chair

Re: Leading Edge Projects' Intervenor Cost Award claim for Yukon Energy Corporation (Yukon Energy) Rate Schedule 39 Demand and Energy Escalation Application written proceeding before the Yukon Utilities Board

Dear Mr. McLennan:

This letter and the attached supporting information constitute the Leading Edge Projects Inc. (Leading Edge) Intervenor Cost Award claim. The Yukon Utilities Board's (the "Board") consideration of this claim for \$358.31 is appreciated.

Attached is an Affidavit affirming that the time related costs claimed were indeed incurred and the YUB provided spreadsheet form detailing the time related costs. Please note that the time claim includes, for illustrative purposes, an hourly rate of \$35. Leading Edge understands that the Intervenor Cost Award claim, including the hourly rate, is at the discretion of the Board.

John Maissan of Leading Edge is well qualified to be an effective intervenor. He is a Registered Professional Engineer in Yukon, with a Permit to Practice from the Association of Professional Engineers of Yukon. John held senior engineering positions for about 14 years with Yukon Energy, and has been a member of a Yukon Energy witness panel in proceedings before the Board on a few occasions in the past. With this background he has a broad familiarity with the regulated electrical utilities of Yukon and with their technical issues in particular. John has had his own consulting business (Leading Edge) since 2003 and has been an intervenor or observer in various proceedings since then. Prior to working for Yukon Energy John Maissan worked in the mining industry for 15 years and, as manager, helped bring a Yukon gold mine into production.

Leading Edge (John Maissan) was granted Intervenor status in Board Order 2011-02. John Maissan studied the Application, the supporting materials, the legislation governing

Rate Schedule 39, reviewed the Interrogatory Requests and responses on the Application, prepared and submitted Written Argument, and prepared and submitted Reply Argument.

John Maissan's participation in the Board's written proceeding is characterized by clear communications in his communications, and in the Written and Reply Arguments submitted.

Confirmation of the relevancy of his participation to the issue under consideration by the Board can be found in the Board's Appendix A Reasons for Decision to Board Order 2011-04. Leading Edge's position on the matter of the Demand and Energy escalation is referenced in this document.

The time spent on the proceeding was kept to a minimum. As this was a written proceeding there was minimal coordination and discussion that Leading Edge engaged in with other intervenors.

Should additional information or justification be required by the Board to consider this Intervenor Cost Award claim under its Intervenor Cost Award Policy, please do not hesitate to contact me.

Respectfully submitted,

John Maissan
