Attention: Deana Lemke, Board Secretary

**Re: UCG Comments on Cost Claim Applications
2008/09 Yukon Electrical Company Limited General Rate Application**

Dear Deana:

UCG received Yukon Electrical's response to our comments on cost claims and would like

to submit these facts for the record:

1. On page 2 Yukon Electrical mistakenly submits as facts, that in a prior process, additional cost claims were sought by UCG . To be clear, UCG was attempting to clarify to the Board activities the Board expressed as overlapping costs for consultants. It was not an application for further costs.

2, Again reviewing the airfare cost claim for Yukon Electrical's legal, UCG submits the disbursements clearly demonstrate a request for the total costs of the flights and trip, including the Juneau leg (please see Bennett Jones Invoice #767606).

Respectfully submitted,

Roger Rondeau
