Attention: Deana Lemke, Board Secretary

Re: Cost Claim Applicatiions for 2008-09YECL Rate Review

Dear Deana:

I regret having to inconvenience the Board on this matter when they are dealing with the YEC Rate application process.

However, UCG requires the proper information be on the record, so that an informed reply on costs can be made to the Board under their guidelines, if such is considered necessary.

To this date, UCG has received copies of cost award applications for the above proceeding from John Maissan, the City of Whitehorse and the UCG. As far as we are aware, no other interveners nor either of the Utilities filed the necessary documents.

If others have filed documents, UCG would appreciate a copy sent ASAP.

Regards,

Roger Rondeau
