## **Re Proceeding schedule re intervener evidence filing**

The Yukon Utilities Board (Board) is in receipt of correspondence from the Utilities Consumers' Group (UCG), dated August 18, 2016, requesting the Board to delay the deadline for the requirement for filing intervener evidence until after the UCG Motion regarding YECL's IR Responses is decided on.

The Board will advise of a revised deadline for UCG to file its evidence at the time the Board makes a decision on UCG's Motion regarding YECL IR Responses. However, all other interveners are to adhere to the August 23, 2016 deadline for filing evidence, as scheduled.
