Yukon Utilities Board  
Box 31728  
Whitehorse, Yukon Y1A 6L3

Attention: Mr. Robert Laking, Chair

**Re: Request for Comments on Court of Appeal of Yukon Judgement re Board Order 2017-08**

Dear Mr. Laking:

The Utilities Consumers' Group (UCG) is in receipt of the Yukon Utilities Board's December 15, 2017 request for comments on specific matters related to YEC's application regarding the energy reconciliation adjustment (ERA) filed in response to Board Order 2017-08.

Part 1 of YEC Two- Part Application ERA 2012-2016 (Part 1 application)

With regard to the Board's request for comment on the sufficiency of a written process, separate from the YEC 2017-2018 GRA Proceeding, to consider Part 1 of the Two-Part Application Regarding Energy Reconciliation Adjustment (ERA), UCG submits that a written process is sufficient to deal with Part 1, provided that it includes an information request process and an opportunity to ensure that full and complete responses are provided by YEC.

Part 2 of YEC Two- Part Application- ERA 2017 and Forward (Part 2 application)

With regard to the Board's request for comment on the nature of a process to consider Part 2 of the Two-Part Application Regarding ERA and the testing of the YECSIM model, UCG submits that Part 2 ought to be considered as part of the current YEC 2017-2018 GRA Proceeding as long as an additional information request process is incorporated into the YEC 2017-2018 GRA Proceeding schedule.

With respect to the YECSIM Model, it would be beneficial if YEC could offer a tutorial workshop on its operation (one that could be attended remotely) and then allow intervenors an opportunity to study the model and prepare related information requests.

If there are any questions concerning the contents of this submission, please direct all inquiries to me by email at [rondeau@northwestel.net](mailto:rondeau@northwestel.net) or by phone at 633-5210.

Yours truly,

Roger Rondeau  
Utilities Consumers' Group
