**Re: YCS requesting Intervener Status for Yukon Energy 2017-2018 GRA**

To Ms. Lemke and the Yukon Utilities Board,

Please accept this letter as the Yukon Conservation Society (YCS)'s request to be granted Intervener Status in the Yukon Energy 2017-2018 GRA.

Our interests identified so far include capital and operating costs, DSM, load forecasting, and the Integrated Resource Plan. YCS will participate in the proceeding as much as our other commitments will allow. We plan to attend Yukon Energy's workshop scheduled for August 3.

The contact people will be YCS's two energy analysts: Sebastian Jones and Anne Middler. Thank you for adding Sebastian Jones to the distribution list. His email address is [energy@yukonconservation.org](mailto:energy@yukonconservation.org).

Regards,

Anne Middler  
Energy Analyst
