Yukon Utilities Board
Box 31728
Whitehorse, YT Y1A 6L3

Attention: Deana Lemke
Executive Secretary

Dear Madam:

Re: YEC Whitehorse Diesel to Natural Gas Conversion Project

We are writing on behalf of the City of Whitehorse (the "City") to request that the Yukon Utilities Board (the "Board") allow the City to submit written, as opposed to oral, argument with respect to the above-noted matter.

After considering the application and YEC's responses to the City's information requests, the City is of the view that it is not necessary for the City to participate in the upcoming oral hearing established pursuant to Board Order 2014-01. The City does, however, wish to submit arguments with respect to its concerns and recommendations regarding YEC's application. The City would be prepared to submit its written argument by March 31, 2014 (i.e. by the end of the first day of the hearing). The City submits that proceeding in this fashion would assist in the efficient and economical disposition of YEC's application.

If there are objections to the City's proposal or if the Board is otherwise not inclined to grant the City's request, Ms. Kristjana Kellgren of Brownlee LLP will be in attendance at the hearing commencing March 31, 2014.

Please contact the writer with any questions or concerns.

Yours truly,

BROWNLEE LLP
PER:

KRISTJANA E. KELLGREN
