On November 22, 2013 the Government of Yukon designated by OIC 2013/200, the proposed Whitehorse Diesel – Natural Gas Conversion Project (“the Project”) as a “regulated project” under Part 3 of the *Public Utilities Act*.

Enclosed is Yukon Energy’s application for an Energy Project Certificate and an Energy Operation Certificate, as prescribed by OIC 2007/50, for the Project.

If you have any questions regarding the above please contact the undersigned.
