Attention: Deana Lemke, Executive Secretary

Dear Ms. Lemke:

Please accept this letter as the Yukon Conservation Society (YCS) and Leading Edge Projects Inc. (LE) request to register jointly as an Intervener for YEC's LNG Project.

YCS and LE have decided to collaborate in our Intervention because our concerns and interests in this project are aligned. To ensure the utmost effectiveness and efficiency, we have secured legal representation with David Austin of the firm Clark Wilson.

YCS/LE's interests include: the need for the proposed project, the alternatives to the proposed project, the economic analyses of the proposed project and the alternatives, including risk assessment, and other issues that come to light during our detailed review of the Application.

YCS/LE plan to attend and participate in the Hearing scheduled for March 31 to April 3 inclusive, supported by our legal counsel.

Please include the emails ycsenergycoordinator@gmail.com and john@leprojects.com as the contact emails for our intervention.

Regards,

Anne Middler
YCS Energy Coordinator
