Dear Mr. McLennan:

Re: Yukon Energy Application for an Energy Project Certificate and Energy Operation Certificate regarding the Proposed Whitehorse Diesel – Natural Gas Conversion Project – Update

Yukon Energy is writing to inform the Board and intervenors that it will present one panel at the upcoming hearing. Information on the witnesses appearing on that panel is provided in Appendix B along with the curriculum vitae for each witness.

Additionally, Yukon Energy also provides as Appendix A to this correspondence an update to information provided in the response to YUB-YEC-1-4 (filed February 27, 2014) regarding the supply of LNG from Shell Canada's Jumping Pound LNG plant.

Please direct any questions on this communication to the undersigned.

Yours truly,

Ed Mollard
Chief Financial Officer
