

Yukon Utilities Board

September 12, 2022

Memorandum

To: All Parties
ATCO Electric Yukon (AEY) Rate Relief Application Proceeding

From: Deana Lemke
Executive Secretary

Re: Maissan motion — no further Board Order required

On September 8, 2022, the Yukon Utilities Board (Board) received a motion from John Maissan, an intervener in the AEY Rate Relief Application proceeding. Mr. Maissan requested the Board to issue a Board Order compelling AEY to provide a full and complete answer to IR AEY-JM-1-3.

On September 9, 2022, AEY responded to Mr. Maissan's request and provided additional information. On September 10, 2022, Mr. Maissan informed the Board that the additional information was responsive to the IR in question. As a result, he would be filing his argument in the proceeding on September 13, 2022, the date established in the process schedule for the proceeding.

Given that Mr. Maissan is no longer pursuing his request of September 8, there is no need to suspend the remaining steps of the proceeding schedule. Accordingly, the Board finds it unnecessary to issue a further order on this issue.
