Re: ATCO Electric Yukon 2023-2024 GRA

Dear Mr. Buchan,

I am writing to request intervenor status in the above captioned proceeding before the Yukon Utilities Board. The issues I feel compelled to question include the lack of effective public education by ATCO regarding both the services ATCO delivers and the impossibility for ATCO to guarantee uninterrupted service with all the implications this brings.

I have other commitments which might keep me from fully engaging with the process but I will do my best to work with the board to improve not only the customer's electric resilience but also, their appreciation of the gifts of electric power.

Let me know if you have comments or questions,

Sincerely,

Florian Boulais
