

Yukon Utilities Board

July 18, 2023

Beth Rogers
Director, Regulatory
ATCO Electric Yukon
Elizabeth.Rogers@atco.com

Dear Ms. Rogers:

Re: ATCO Electric Yukon (AEY) General Rate Application (GRA)

The Board has received and considered your letter of July 17, 2023, requesting that the Procedural Conference be removed from the AEY GRA process schedule set out in Board Order 2013-13.

In its GRA, AEY proposed hosting a Procedural Conference to provide clarification parties may seek prior to Information Requests and to assess intervening parties' interest in a Negotiated Settlement Process (NSP). Although the Board denied AEY's request for a NSP, it sees value in enabling interested persons to seek clarification on AEY's GRA at the outset of this proceeding.

As stated in Appendix A to Board Order 2023-13: "The Procedural Conference is designed to assist the public in gaining a better understanding of the Application and process surrounding the Application." Accordingly, the Procedural Conference shall remain part of the process schedule, and the Board directs AEY to proceed as required under Board Order 2013-13.

Sincerely,

Richard Buchan
Chair
