	Whitehorse	Sept 9/08

Re: City of Whitehorse Application for Board Order

Further to the letter from Yukon Electrical Company Limited ("YECL") to the Board dated September 8, 2008, the City of Whitehorse notes that YECL has put into question the status of the materials filed on behalf of UCG with respect to rate of return and capital structure on September 3, 2008. If the Board ultimately decides that the material is to be treated as evidence in this proceeding, the City of Whitehorse would want to ask a few information requests to clarify the intent of the submission. Obviously there is no point in any information requests if the material is indeed to be struck from the record, as YECL is requesting.

The City of Whitehorse notes that pursuant to the schedule incorporated in Board Order 2008-07, information requests on intervenor evidence are due September 10, 2008. The City of Whitehorse would simply ask the Board to suspend that deadline in the event that it does not issue a decision on YECL's application to strike the UCG filing prior to September 10, 2008. The City expects that it could file its intended questions on one day's notice of the Board's decision.

Should you have any questions or concerns, please do not hesitate to contact the writer.

Yours truly,

BROWNLEE LLP
