**BOARD ORDER 2021-14**

**WHEREAS:**

- A. On November 20, 2020, Yukon Energy Corporation (YEC) filed an application with the Yukon Utilities Board (Board), pursuant to the *Public Utilities Act*, and Order-in-Council 1995/90 requesting an order approving a forecast revenue requirement for 2021 (Application). In addition, in the Application, YEC sought approval of an interim refundable rate rider (Rider J) for 2021 of 10.08% for retail and industrial firm rates, effective July 1, 2021;
- B. In Board Order 2021-08, dated April 28, 2021, the Board approved an interim refundable rate rider increase of 10.08% (Rider J) for retail firm rates and industrial firm rates for all electrical consumption on or after July 1, 2021;
- C. On September 24, 2021 YEC submitted a second interim rate filing, seeking approval of an additional interim refundable Rider J increase of 9.25%, effective December 1, 2021. This rider is to replace Rider J1 which is expiring at the end of November 2021 and which was in place to true-up the approved revenue requirement from YEC's 2017-18 general rate application;
- D. The Board has reviewed the interim rate request and is prepared to rule on this issue without further process or submissions from other parties; and
- E. The Board agrees with the submission of YEC that it is unlikely that a final decision on YEC's 2021 GRA will be made before December 1, 2021, that YEC's proposed interim Rider J will reduce bill volatility, and that the approval of this rider is interim and final rates will be trued-up. For these reasons, the Board finds YEC's interim rate request to be reasonable.

**NOW THEREFORE** the Board orders as follows:

The Board approves an interim refundable rate rider increase of 9.25% (Rider J) for retail firm rates and industrial firm rates for all electrical consumption on or after December 1, 2021.

**DATED** at the City of Whitehorse, Yukon, this 5<sup>th</sup> day of November 2021.
