Attn: Ms. Sheena Smart, Executive Secretary

Dear Ms. Smart:

Re: Yukon Energy Corporation (Yukon Energy) and The Yukon Electrical Company Ltd. (YECL) Phase II Rate Application

Further to the recent Phase II Rate Application submitted to the Yukon Utilities Board by Yukon Energy and YECL, I wish to apply for Intervenor status in this proceeding. I am requesting Intervenor status in advance of a Board Order as I will soon be out of the country and do not want to miss the opportunity to participate in the Phase II process.

I shall be out of the territory for most of March and April, and already have significant commitments for the month of May, and while I wish to participate fully in the proceeding I do not presently know whether this will be possible. No schedule has yet been set for the hearing and related activities. But please be assured that I will participate as fully in the process as my schedule will allow.

I do not anticipate filing any evidence nor do I plan to call any witnesses. Neither will I be hiring any consultants. But if I can I will be submitting IRs to the Applicants.

The issues I will wish to pursue will include:

1. Retail rate design and
2. Such other matters as may surface during the course of detailed study of the Application and the YUB proceedings related to it, including IRs.

Regards,

John F. Maissan, P.Eng.
