Yukon Utilities Board
Box 31728
Whitehorse, Yukon
Y1A 6L3

Attention: Deana Lemke, Executive Secretary

Dear Ms. Lemke,

Re: YECL 2013-2105 General Rate Application, YCS application to intervene

Please accept this letter as the Yukon Conservation Society's notice of our intention to participate as a registered Intervenor in YECL's GRA proceeding before the Board.

At this time, YCS is interested in the Demand Side Management (DSM) Plan, and capital projects (most specifically, the proposed meters). It is likely that more areas of interest will arise as we continue to work through the expansive application.

Please send all correspondences to ycsenergycoordinator@gmail.com, and feel free to contact me if you have any questions.

Thank you,

Anne Middler
Energy Coordinator
Yukon Conservation Society
