August 1, 2012

Mr. Bruce McLennan, Chair
Yukon Utilities Board
Box 31728
Whitehorse, Yukon Y1A 6L3

Dear Mr. McLennan:

Re: Yukon Energy Corporation 2012 and 2013 General Rate Application – Consolidated Interrogatories Responses

As committed in correspondence provided July 17, 2012, and to assist interested parties in review of material, Yukon Energy has produced a consolidation of interrogatories that includes hyperlinks where there are cross references to other IR responses. The IR consolidation is available for review at the link below:

<http://www.youryukon.com/yec/>

Yukon Energy is also separately attaching a revised responses to YUB-YEC-1-8, CW-YEC-1-22 and YECL-YEC-1-26 (which are also included in the consolidation and replace the version filed July 27, 2012). These responses have been revised to correct the following errors noted since filing:

- YUB-YEC-1-8(b) Attachment 1 – revised to correct error in costs attributed to two consultants and also to clarify presentation of information related to dollar amounts < \$1,000.
- YECL-YEC-1-26(a) Attachment 1 – revised to correct error in Alexco demand forecast noted.
- CW-YEC-1-22(b) Attachment 1 – revised to include missing charge to the Fund for Removal, Salvage and Remediation (FRSR) for 2011.

Please also note the Excel file provided as an Attachment to YECL-YEC-1-15 (c) and (d) was incorrectly named YECL-YEC-1-15 (b) – (d) Attachment 1. The file name for this Excel file has been corrected in this consolidation.

Please direct any questions on this communication to the undersigned.

Yours truly,

A handwritten signature in cursive script, appearing to read "Ed Mollard".
