Re: YEC 2012 GRA Proceeding Schedule

The Utilities Consumers' Group (UCG) has filed a Notice of Motion (motion) with the Yukon Utilities Board (Board), dated August 1, 2012, regarding the information responses from Yukon Energy Corporation (YEC). In its motion, UCG requested that the Board issue an Order for YEC to provide adequate responses to 42 questions submitted by UCG.

On August 3, 2012, the Board issued a memorandum inviting YEC to comment on UCG's motion by August 10, 2012 and for YEC to submit reply comments by August 14, 2012. YEC provided comments on August 10, 2012 and UCG provided reply on August 14, 2012.

Under Board Order 2012-07, the Board set out an amended process schedule with a deadline for Intervenor evidence of August 16, 2012. As the Board has not yet issued a ruling on UCG's August 1, 2012 motion for further information responses from YEC, the Board views that it is necessary to suspend the current process schedule and the deadline for the filing of Intervenor evidence. A revised process schedule for this proceeding will be included in the Board Order ruling on the UCG motion. The Board does not expect that changes to the dates for the oral public hearing will be required.
