Ms. Wendy Shanks, Chair
Yukon Utilities Board
Box 31728
Whitehorse, Yukon Y1A 6L3

Dear Ms. Shanks:

Re: UCG August 26,2008 Application

YUKON UTILITIES BOARD		
EXHIBIT		C1-6
DAY	ENTERED BY	DATE
	YEC	Aug 28/08

One key concern raised by UCG in its application relates to YECL's failure to provide information prior to 2003. YECL notes in response to numerous IRs that Board Order 2008-5 confirmed that YECL was not required to provide information prior to 2003 to test revenue requirement (See for example responses to UCG-YECL-6 and UCG-YECL-29). This is an inaccurate reading of the Board Order.

The Board did not conclude in Board Order 2008-5 that relevant pre-2003 information did not have to be provided in response to intervenors' information requests. The Board specifically stated as follows

The Board reserves the right to determine if additional historical information is relevant in specific instances. If parties request specific historical information from YECL in addition to that directed by the Board the Board will deal with any objections by YECL as they arise.

YECL simply did not follow the process established by the Board.

YECL therefore should be ordered to either provide all relevant pre-2003 information requested by intervenors or provide a rationale in each instance as to why the pre-2003 information is not relevant.

For the Board's information Yukon Energy has conducted its initial review of YECL's Interrogatory Responses and has identified various issues of concern, and intends to file an application tomorrow to deal with pre-2003 information, and other issues identified those responses.

Yours truly,

DAVIS LLP
