The Board is in receipt of correspondence from YECL dated September 8, 2008, wherein YECL is proposing that Larry Kennedy need not appear as a witness at the October 7–9 oral hearing as YECL proposes to present an affidavit to adopt his evidence. Further, YECL proposes to entertain a second round of Information Requests on depreciation should the Board and interested parties require further follow-up

The Board is inviting all Intervenors to respond to the YECL proposals, as noted above, by September 15, 2008.
