Att: Ms. Wendy Shanks, Board Chair

Dear Ms. Shanks:

Re: Yukon Electrical Company Limited  
2008-2009 General Rate Application

YUKON UTILITIES BOARD		
EXHIBIT		B-13
DAY	ENTERED BY	DATE
	YECL	Sept 24/08

By letter dated September 8, 2008 the Yukon Electrical Company Limited ("Yukon Electrical") indicated that it had examined the materials filed on behalf of the UCG regarding rate of return and capital structure and maintained that this material should not be considered evidence in the referenced proceedings and should be removed from the record. The Board determined that Information Requests could be directed to the UCG prior to it making a determination on this issue.

Yukon Electrical is now in receipt of the responses to the Information Requests directed to the UCG. These responses confirm that the materials filed on September 3, 2008 were either copied or downloaded by the UCG and not prepared for it for purposes of the current proceeding. It is also clear that the authors of the documents provided by the UCG will not be presented to speak to such materials. Finally, there is no indication why the materials have any relevance to the circumstances of Yukon Electrical and why they are appropriately considered in the current proceeding.

From the above it is clear the Yukon Electrical will have no opportunity to cross-examine or test the materials that have been filed by the UCG. Therefore, Yukon Electrical reiterates its request that these materials be struck from the record of these proceedings.
