June 1, 2016

Mr. Bob Laking, Chair
Yukon Utilities Board
Box 31728
Whitehorse, YT
Y1A 6L3

Dear Mr. Laking,

**Re: YECL 2016-2017 General Rate Application
Notice of Intent to Participate**

Pursuant to the process established by Board Order 2016-01 Yukon Energy is seeking intervener status in respect of the Yukon Electrical Company Limited (YECL) application for approval of Revenue Requirements for 2016 and 2017.

As the primary generator and transmitter of electricity on the integrated system in Yukon, and also as a distributor, Yukon Energy has a material interest in the outcome of YECL's Application. Yukon Energy intends to focus its intervention primarily on issues relevant to the integrated system (e.g. planning for future projects), and on matters jointly of interest to Yukon Energy and YECL.

If you have any questions regarding the above please contact the undersigned.

Yours truly,

Ed Mollard, CGA
Chief Financial Officer
