I am writing to request intervener status in the proceedings of the 2021 General Rate Application.

I am a homeowner in Faro and appreciative of the quality of life here. I am involved in the community in a number of ways, including as a member of the Faro Volunteer Fire Department.

Topics I have identified so far include cost and implementation specifics of the rental diesels, dependable capacity calculations of YEC thermal and rentals, the role of rental diesel in meeting N-1 criteria and the roles of regulation and community engagement in the process.

I will continue to review the application and may have other issues or questions.

Please contact me if you require additional information. I am looking forward to being part of the discussion.

Sincerely,

Nathaniel Yee
