

April 20, 2021

Mr. Richard Buchan, Chair
Yukon Utilities Board
Box 31728
Whitehorse, Yukon Y1A 6L3

Dear Mr. Buchan:

Re: UCG Motion Re: Interim Fixed Charge Adjustment and Rate Schedule 39

On April 17, 2021, Utilities Consumers' Group (UCG) provided correspondence to the Yukon Utilities Board (YUB or the Board) on the Interim Fixed Charge Adjustment and Rate Schedule 39 outlining a motion for the YUB to clarify "exactly what is included in the scope of this process" and not to "let Yukon Energy set their terms." The correspondence also notes that UCG "reviewed Board Order 2018-04 and IR YUB-YEC-1-23(b), both of which YEC reference. Either of these give mention of a limited scope application."

To assist the Board, Yukon Energy notes that Appendix A to Order 2018-04 specifically references the limited scope application on this matter, stating as follows at the last sentence on page 16:

YEC is directed to submit a limited-scope application to amend the firm mine rate within 60 days of the Transmission Facilities Development Operation Date. (Paragraph 57)

And for further reference, paragraph 57 of Appendix A to Order 2018-04 directed as follows (footnote excluded):

57. The PPA provides for transmission development costs to be updated after the Transmission Facilities Development Operation Date. YEC stated that those costs are subject to Board review and approval; however, if needed to address this change on a more timely basis after the work is capitalized, a limited-scope proceeding would also be considered as a viable alternative. The Board accepts this alternative and directs YEC to submit a limited-scope application to amend the firm mine rate within 60 days of the Transmission Facilities Development Operation Date.

In Yukon Energy's view the Board's prior direction on this is clear as is the process outlined in Order 2021-07.

If you have any questions regarding the above please call.

Yours truly,
