Dear Mr. Yee:

Re Yukon Energy Corporation (YEC) 2023-24 General Rate Application Motion for Clarification

On October 6, 2023, the Yukon Utilities Board (Board) received your motion for clarification in the above-noted proceeding. In that motion, you asked the Board “to direct YEC to correct their ‘reply to comments on interim rate requests’ to reflect proper information.” You took issue with YEC’s statement in its reply comments of September 27, 2023 on its interim rates request, stating that you did not provide any specific recommendation on interim rates. You argued that this is a mischaracterization of your comments dated September 21, 2023.

As noted in Appendix A, Reasons for Decision to Board Order 2023-23, your comments on the YEC interim rate request were before the Board, as well as those of the other parties. In making its decision on interim rates, the Board considered the submissions of all of the parties. It is open to parties in a proceeding to put their submissions forward and interpret the position of other parties. As such, the Board finds that there is no need for clarification of YEC’s comments. Further, nothing turns on the requested clarification; it would not impact the Board’s decision on the interim rate request. Therefore, the Board will not take any further action on your motion.

Sincerely,

Richard Buchan
Chair

c. All Parties, YEC GRA proceeding
