Memo for Notice of Motion to add as evidence

Good day all.

Please see UCG evidence for YEC 2025-27 GRA.

As YEC is prescribing to use Fortis BC and AEY as their comparators, UCG submits it is important for stakeholders to accurately review:

1. Fortis BC regulatory practices I.e Rate Setting Framework Final BCUC Order regarding Fortis 2025-27;
2. Fortis BC sustainability report to assess reliability and other performance indicators;
3. Fortis BC residential rates; as well as
4. AEY Key performance indicators 2024.

Unfortunately, cannot download and copy Fortis residential rates for some reason, so necessary to go into BCUC web www.bcuc.com, then What we do to get into the residential rates set for Fortis.
