Yukon Utilities Board
Box 3178
Whitehorse, YT
Y1A 6L3
Attn: Mr. Richard Buchan, Chair

Dear Mr. Buchan,

Re: Yukon Energy Corporation Application for an Energy project Certificate and an Energy Operation Certificate Regarding the Proposed Battery Energy Storage System (BESS) Project

In accordance with Board Order 2021-03, I am writing to request intervenor status in the above captioned proceeding before the Yukon Utilities Board.

The issues identified so far that I would like to address are essentially those that are outlined in the Board's Terms of Reference Section 3 **Specific aspects of the Project to be Reviewed**, and as outlined in Board Order 2021-03 Section D. There may also be other issues related to the BESS project that arise as I study the Yukon Energy Application in detail. I plan to participate as fully in the process as my other time commitments allow.

My preference at this time would be for a written process but I consider that a virtual oral process is a realistic option too. Because of Covid-19 restrictions I do not consider an in-person oral process to be realistic within the time constraints required by the Minister of Justice.

If you require additional information, please do not hesitate to contact me.

Sincerely,

John Maissan
