Re Purchase Power Flow-Through Deferral Account (PPFTDA) Balance

The Yukon Utilities Board (Board) acknowledges receipt of your correspondence of August 30, 2019. The Board further notes that the table included in that correspondence is in compliance with the direction from Board Order 2018-07, which stated:

However, the Board directs AEY to submit a report to the Board by August 31, 2019, detailing the collection of the approved Rider S and showing any residual balance in its PPFTDA as a result of this collection.¹

As Rider S was to be in place for all consumption beginning August 1, 2018 and concluding July 31, 2019, the Board accepts AEY's updated Rider S rate schedule which resets the rate to \$0.00/kWh for all consumption beginning August 1, 2019. The revised Rider S rate schedule is attached to this memo.
