Dear Sir,

**Re: YECL 2013-2105 General Rate Application
Notice of Intent to Participate**

Pursuant to the process established by Board Order 2013-12 Yukon Energy is seeing intervener status in respect of the Yukon Electrical Company Limited (YECL) application for approval of Revenue Requirements for 2013, 2014 and 2015.

As the primary generator and transmitter of electricity on the integrated system in Yukon, and also as a distributor, Yukon Energy has a material interest in the outcome of YECL's Application. Yukon Energy intends to focus its intervention primarily on issues relevant to the integrated system (e.g. planning for future projects), and on matters that are jointly of interest to Yukon Energy and YECL (e.g. the DCF).

If you have any questions regarding the above please contact the undersigned.

Yours truly,
