Re: Application to Review and Variance of Board Order 2020-01

Board Order 2020-01 and Reasons p. 5 states:

> With respect to UCG's claim for Mr. Rondeau, a rate of $60.00 per hour was applied to his activities. No statement of account was provided for...A statement of account is required by the Board's Scale of Costs.
>
> The Board directs an award of costs to the UCG regarding the claim of UCG as $12, 054.38.

It has been brought to our attention that the amount claimed by the UCG in respect to the claim of Mr. Rondeau costs in Board Order 2020-01 did not include the amount listed in the claim account listed on p. 7 (Invoice 2019-01) which clearly outlines the work and hours rendered for both the compliance filings. (As the first compliance filing was not included in the cost process this portion is not to be included in this R&V). This statement of accounting provided by the UCG was in the same format provided by another intervener, the City of Whitehorse for their consultant. The proper forms were also filed.

Accordingly, due to this error interpreting the information provided to the Board, the Board made a factual error in the amount awarded to the Utilities Consumers' Group.

The additional amount claimed by the UCG is $840.00.

Accordingly, UCG claim and award on account of UCG's costs in this matter should have been $12,894.38.

On the basis, and per s.31 of the YUB Rules of Practice, we ask that the Board review and vary the award of cost to the Utilities Consumers' Group by adding the additional amount of $840.00 to the award.

Roger Rondeau
